

Fieldgrade v0.9.0-alpha

FoodQA audit-supporting pack

1. Cover page

FoodQA proof pack for batch-release style pilot evaluation.

Audit-supporting evidence control for QA teams.

Pack type: FoodQA audit-supporting pack

Fieldgrade v0.9.0-alpha is suitable for private evaluation, founder-led setup, and pilot deployments. It is not yet a self-serve commercial SaaS or certified compliance product.

Fieldgrade v0.9.0-alpha

FoodQA audit-supporting pack

2. Executive summary

Objective: organise batch evidence, supplier files, deviation notes, and release decision.

Result: one PDF explains the proof story without reading the architecture.

Pack type: FoodQA audit-supporting pack

Fieldgrade v0.9.0-alpha is suitable for private evaluation, founder-led setup, and pilot deployments. It is not yet a self-serve commercial SaaS or certified compliance product.

Fieldgrade v0.9.0-alpha

FoodQA audit-supporting pack

3. Evidence register

Batch record, supplier COA summary, calibration register, and deviation note are linked.

Each evidence item supports the release decision.

Pack type: FoodQA audit-supporting pack

Fieldgrade v0.9.0-alpha is suitable for private evaluation, founder-led setup, and pilot deployments. It is not yet a self-serve commercial SaaS or certified compliance product.

Fieldgrade v0.9.0-alpha

FoodQA audit-supporting pack

4. Review timeline

Evidence captured, deviation logged, CAPA-lite action noted, reviewer sign-off recorded.

Release status is visible.

Pack type: FoodQA audit-supporting pack

Fieldgrade v0.9.0-alpha is suitable for private evaluation, founder-led setup, and pilot deployments. It is not yet a self-serve commercial SaaS or certified compliance product.
